*Individual ABA/VBA therapy available upon request.*

## Bennett's Place

Interactive Learning Center  
Serving Individuals with Special Needs

Our mission is to provide an interactive,  
safe environment where individuals with special needs  
can develop and realize their full potential.

## About Us

Our journey began in 2000 while working for the Gwinnett School System. An opportunity came to facilitate a sweet 5 year old boy with special needs to transition into a general population classroom setting.

With ABA and floor time training through the Gwinnett County School System and over 14 years of experience, here we are today. We continue to do what we love the best, supporting individuals with special needs to discover their abilities to become more independent and reach their full potential.

## Life Skills

We all want to live productive and meaningful lives. Often times, we are not sure where to begin. One thing for sure is certain, to accomplish anything in life and realize our full potential, we must have life skills. Individuals will be given opportunities to find out who they are and identify their goals in life.

## Daily Living Skills

Our program covers many aspects of home and community functions. Teaching skills which will allow individuals to live independently at home or in their community settings.

Our focus:

- Cooking a meal using simple recipes
- Using a computer or newspaper to find out what's going on in our community
- Organizing household chores
- Choosing appropriate clothing for daily activities and expected weather
- Washing/drying clothes
- Shopping for groceries at the local market
- Learning money management skills

## Social

Individuals in this interactive program will be given opportunities to participate in group activities. They will be able to form life-long friendships while interacting and rendering support to each other.

## Respite

Our respite program is designed to provide a safe environment benefitting both the consumer and their caregiver by giving them the opportunity to rejuvenate their minds and souls.
